Altered for the Age. A BLAST FROM THE BUGLE. TUNE-Star spangled Banner. A blast from the bugle-say, hear ye the sound, As it rolls from the West, over mountain and valley? IMPROMPTU.

On the third Nomination of Henry Clay for the Presidency, by the Whigs. When pumpkins shall grow on the tops of a steeple, And showers of Pancakes shall fall with the rain. When bankites and daudies can humbig the people, Clay's prospect of power may come back again.

When grindstones shall turn themselves round on spindle, And John Bull shall swallow a third part of Mainer When the Grahamites fatten, and Best enters dwindle, Clay's prospect of Power may brighten again

When eiler shall flow up the broad Mississippi, And Whiggies no longer shall scramble for gain; When the Tribune refuses to scold like Zantippe, Clay's prospect of power may brighten again.

When camels shall creep through the eye of a needle, And dunces confess themselves ninutes in brain; When rogues cannot cheat us, not parasities wheedle, Then may Clay's hopes faintly gliminer again.

If you want something that is really nice, rich, cooling, sweet and pleasent to the palate, and well worth the sil'er you pay for it, just call on Messrs MELLISH & SLADE and get a glass of their excellent Soda. It is not our purpose to discuss the expediency or inexpediency of the immediate annexation of Texas to the United States Nor will we consider the justice or policy of making that question a test in the coming Presidential election. The second will present itself to the National Democratic Convention, who will undoubtedly give true expression to the wishes of the democracy of the nation, as far as they are known.
